

Good People

by Avni Pegu

In a world where
Discrimination
Violence
Inequality
Threaten our lives
Where we judge people by what they look like
Shoot the innocent because we feel like it
Deny opportunities to those who don't fit the standard
I have hope
That one day we will put the gun down
Give equal oppurtunnites to all
And judge people by who they are, not what they look like

It may seem impossible
To eradicate injustice
Obliterate inequality
Abolish racism
But in a world clouded with storms
I have hope

I can help
I can step up
And I know I will not be alone
Because people with good hearts
Exist somewhere out there
They will aid me
And together we will drag away the darkness
Unveil the light
Because amidst a world

Full of people who will do nothing
Of people who will watch but not do
There are those
Who will make a move
Campaign for equality
Protest for justice
Because in a world full of problems
There are people who will speak up
Who will help me make the world a better place

I am hopeful because I know there are good people out there
I am hopeful because I know they will step up with me for what is right
I am hopeful because I know that together we can make a difference
